

Charleston Air Force Base C-17 Support Facilities Squad Ops/AMU Facility-Phase 2

Charleston AFB, South Carolina

Bell had total construction responsibility for a 33,670-square-foot two-story brick and structural steel office building holding administrative offices, briefing rooms and shop/warehouse areas.

Special attention to site management was required for the demolition of four buildings and site demolition of existing parking lots, roadways and utilities due to the close proximity of occupied structures.
